

**Help us get more  
people walking  
and cycling in the  
UK.**

**The All Party  
Parliamentary Group  
for Cycling & Walking  
(APPGCW) aims to get  
more people walking  
and cycling in the UK  
more often.**

**Working with  
Parliamentarians, the  
private, public, and  
third sectors that share  
our vision to promote  
all forms of cycling and  
walking.**

# What We Do

## Meetings

Influential audiences of MPs and Peers, key thought leaders including academics and industry leaders

## Reports

We commission research reports on topics relating to active travel that are of interest to Parliamentary business

## Events

Annual Parliamentary bike ride  
Cycling Showcase event  
Study Tours in the UK

## Inquiries

Select Committee-style inquiries which provide valuable insight on topics to MPs and Peers, helping get important active travel matters on the national agenda

# Membership

As an All Party Parliamentary Group, we work with a wide range of organisations, companies and individuals who share our goals and are keen to actively participate in shaping the future of active travel in the UK.

By engaging with thought leaders, established brands, third sector associations with a shared vision, we can get more people cycle and walking at this critical time.

By being a member, you will help us make a bigger impact and speak to more people.

It is important to note that whilst membership of the APPGCW provides a unique opportunity to reach key stakeholders on active travel and wider transport topics, it does not provide preferential or direct access to Parliamentary business.
